

Altronix® TANGO

Revolutionizing the Power of Access Control!

Now power your access system with 4PPoE, 802.3bt...

- Utilizes 4PPoE (802.3bt) to simultaneously deliver 12VDC & 24VDC
- Eliminates the need for a licensed electrician, providing tremendous savings by using low-voltage installers and wiring methods
- Designed to stack with Altronix sub-assemblies, saving valuable enclosure space
- Operates with midspans such as NetWay4BT & NetWay8BT
- Customize your Trove access system with Tango

TANGO1B - PoE Driven Power Supply with Lithium Iron Phosphate Battery Charger

Made in the U.S.A. | Lifetime Warranty | altronix.com
