

Elliot A. Boxerbaum Memorial Security Design Project of the Year Award

Description

The Elliot A. Boxerbaum Memorial Award will be presented to a consulting or engineering company which designed and specified a completed security design project, and became operational or was accepted by the client between July 1, 2022 and June 30, 2023. It will recognize collaboration, design excellence, uniqueness, creativity, and administration factors which contributed to a highly successful security project. The presentation will occur at CONSULT 2023 SecuritySpecifiers' Technical Security Symposium in Louisville, Kentucky.

The award is named for the late Elliot A. Boxerbaum, MA, CPP, CSC, founder and president of Security Risk Management Consultants, Inc. Elliot passed away in June 2014, from ALS, and, on behalf of the award-winning firm, a donation will be made to the ALS Association - Central & Southern Ohio Chapter by SecuritySpecifiers and CONSULT.

The winning project will be featured in the December 2023 (or January 2024) issue of *Security* magazine.

Eligibility

- Security project must have become operational or was accepted by the client between July 1, 2022 and June 30, 2023.
- Company must be a consulting or engineering firm which performed the project design.
- Multiple independent submissions from the same company are acceptable.
- Submission are due by July 31, 2023.
- Finalists must be registered and present at CONSULT 2023 to be recognized. All valid applicants will be eligible to receive a full refund of conference fees, and the winning applicant will also all conference fees reimbursed for CONSULT 2024.

Instructions

Use separate paper (see page 5) on company letterhead to address the evaluation areas listed. With the attached cover sheets (pages 3-4) completed, send in pdf file format to award@SecuritySpecifiers.com.

Recommendation letters should be sent directly from recommending organization with cover sheet (see page 6).

Approximate dates and costs may be used if precise information is not available or proprietary.

Submit by email (preferred) to: award@SecuritySpecifiers.com or

Submit by mail to: SecuritySpecifiers
Award Committee
P.O. Box 820
Milldale, CT 06467

Applications and supporting letters must be received by July 31, 2023 to insure consideration.

Evaluation Criteria

- A. Scope (20 points) – Describe the nature of the project, including geographic and technical factors, and breadth of consultant involvement.
- B. Challenges (20 points) – List any unique challenges encountered during design, bid, and implementation by the consultant and how these were addressed.
- C. Collaboration (20 points) – To what extent did designer, client, architect (if applicable), and integrator collaborate to produce a successful result? Describe how the interaction occurred and any unique elements. Recommendation letters from client, architect (if applicable) and integrator are strongly encouraged, as they will be a decision factor.
- D. Innovation (20 points) – Without revealing anything proprietary, describe unique technical or process innovations embodied in the project.
- E. Results and Benefits (20 points) – How were budget, schedule, and project objectives met? What ultimate benefits were realized by the client?
